Health & Policy Statement October 2024

The employees at **New Cabin Space Limited** take Health & Safety very seriously and the policy below confirms our commitment for the care of health, safety and welfare of our employees, sub-contractors and anyone else affected by our business activities.

Good Health & Safety practices are an integral part of our business to ensure a minimisation of injury. Implementation and annual reviews are key objectives to our business.

What we do

- We always identify any risks that may occur during the activities of our business.
- We communicate and liaise with our employees and sub-contractors over any potential Health & Safety issues.
- We provide training to our employees to ensure that all members of staff are competent to undertake their role within the company.
- We welcome feedback from our employees and sub-contractors with regards to any potential Health & Safety issues.

We are committed to implementing and reviewing a Health & Safety policy that ensures that any risk of injury or ill health is minimised.
